Rounding

Step 1: Find the rounding place and underline it.

527

Step 2: Look at the digit next door. (put a box around it).

527

Step 3: Ask "4 or less?"
"5 or more?"

527 rounds to 530

4 or less: let it rest
5 or more: raise the score
Everything after the rounded number changes to zero!

000

A green cartoon character with a red mouth and a black 'x' on its chest is drawn at the bottom right. A thought bubble above it contains three zeros (000).
